9	My teaching style is grammar based one.	1/26/2015 2:52 PM
10	I use grammar translation for Communication English I and handouts to have them understand basic grammar. In OC-I I use task-based method and communicative method. In Basic English Conversation, which is a school discretionary subject, I have to design my own lessons from 0. I have left my teaching plans and handouts in the share file in our computer network. Otherwise my successor will get in trouble. My sources are New Headway Beginner, Get Ahead, Speakout Starter, Speakout Elementary, Side by Side, 1, 2A, etc. I think these books are very reasonable because they include DVD. I recommend you one or two of them. If you buy at Amazon, the second-hand one is actually very new and costs you at most \$30.	1/24/2015 10:49 AM
